

Using Online Services, you can consult with a GP within 5 working days.

They can issue prescriptions, refer you for blood tests, other diagnostic tests or to a consultant.

A GP will always let you know if they are not able to help and tell you how best to proceed.

How does it work?

- Sign up to Online Services via Practice Reception
- Log in with your username and password
- On your Home page, click on “View Messages”

Can I use this service if I am acutely unwell?

You can discuss urgent or acute symptoms with a GP over the phone every weekday from 8am to 9:30am. Same-day appointments are also offered on weekdays for medical emergencies.
